Continuation of Paragraph 4

In the communication filed September 11, 2003 in response to the final Office action mailed March 11, 2003, the applicants unintentionally omitted a Notice of Appeal. The applicants discovered this omission shortly after filing the response. The applicant's representative held one informal interview with Examiner Murphy shortly after filing the Response to the final Office Action to discuss the status of the claims, as an allowance of the claims would complete the pendency of the application and not filing the notice of appeal would be moot. The Examiner told the undersigned representative that he would discuss the status of the claims with his supervisor and issue an Advisory Action. The Advisory Action mailed by the Office on January 28, 2004 indicated that the claims were not allowable, and the applicants promptly prepared this petition for revival based upon the unintentionally abandoned patent application.

A Notice of Appeal is filed concurrently and it is respectfully requested the Office grant this petition. No petition for an extension of time is filed herewith as a petition requesting a three-month extension of time was included with the communication filed September 11, 2003.
